

### A PASSION FOR EXCELLENCE

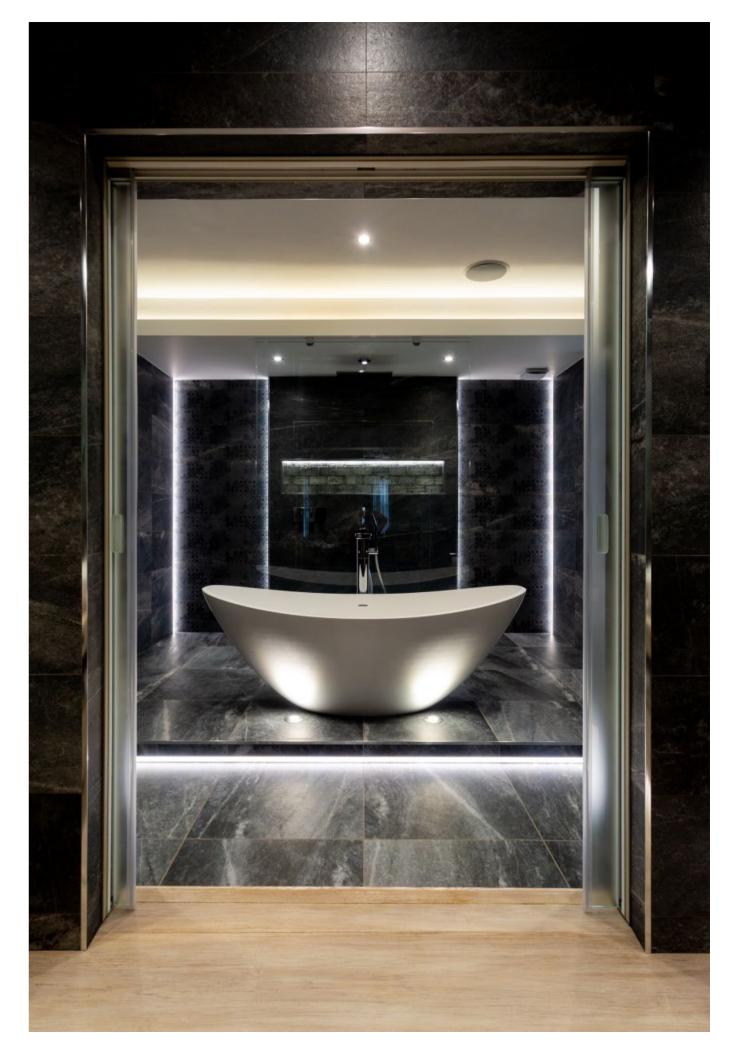

For over 60 years the name Narduzzo has been synonymous with quality, design and craftsmanship. Our core beliefs have never changed we still value product quality, innovative design and skilled trades as vital to achieve the best result. We strive to create bespoke solutions to transform your home.

At Narduzzo, our extensive experience in providing Interior design solutions enables us to guarantee the highest quality in any home refurbishment project.

# YOUR PERSONAL SPA

Part of a project for the alteration and refurbishment of a Master Bedroom, Dressing room and Ensuite this installation involved a complete reworking of floorspace. The darker tile tones create a feeling of tranquillity with floor and recess lighting completely adjustable to create the perfect mood for relaxation. Luxuriate in the large freestanding bath or take a refreshing shower in the walk-through wet area.

#### HEART OF THE HOME

The Kitchen is no longer a single use room. It is a place to meet, talk, entertain, work, relax in fact it is the hub of the home. We create living spaces to incorporate all of these uses and design them to suit your lifestyle. This project is a prime example of bringing a Kitchen area into an entire living space – our design covered all aspects even the fireplace matched in colour to the cloud feature above the island - the results are spectacular. The High gloss large format floor tiles provide a base for strong colours to stand out creating definition and a feeling of space. all of the lighting is controlled by a home automation system allowing different light settings to create the perfect ambiance.

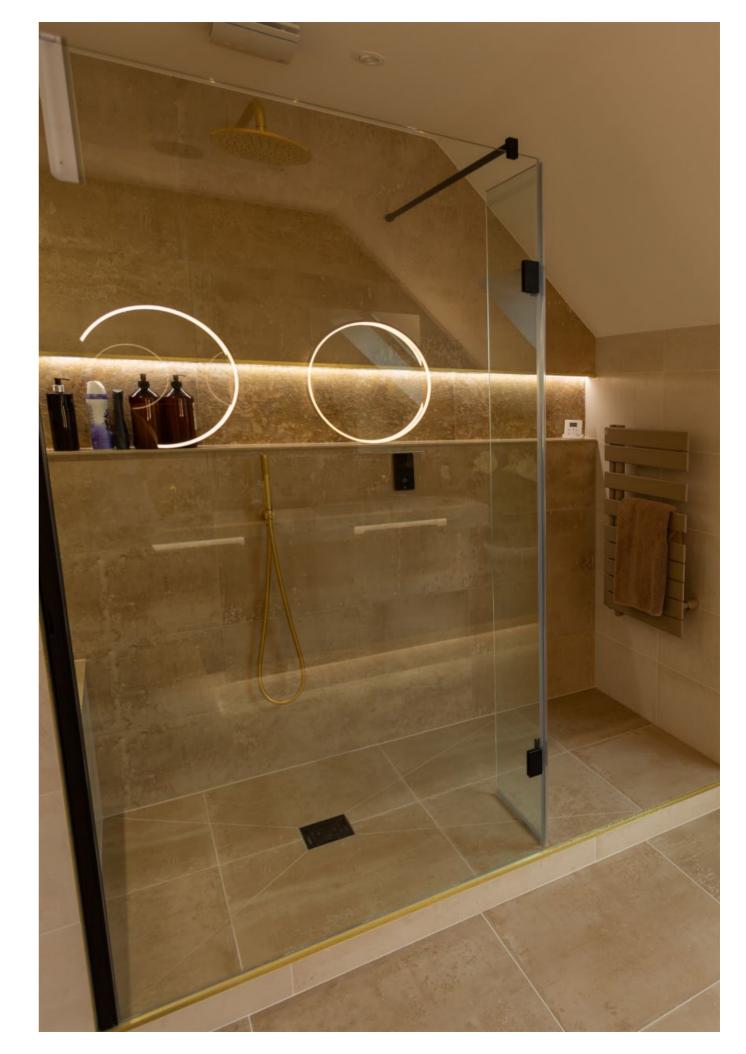

#### PERSONAL RETREAT

At Narduzzo we believe your ideal Ensuite should be a sanctuary within your home that excites and delights you every day.

With more than 60 years experience we are renowned for our innovative design and peerless quality of installation. This project highlights our commitment to revolutionary bathroom design as well as use of the latest in technology – the shower is operated by digital control – the double basin unit is formed from high pressure laminate and has invisible waste outlets. Automation lighting sets the scene.

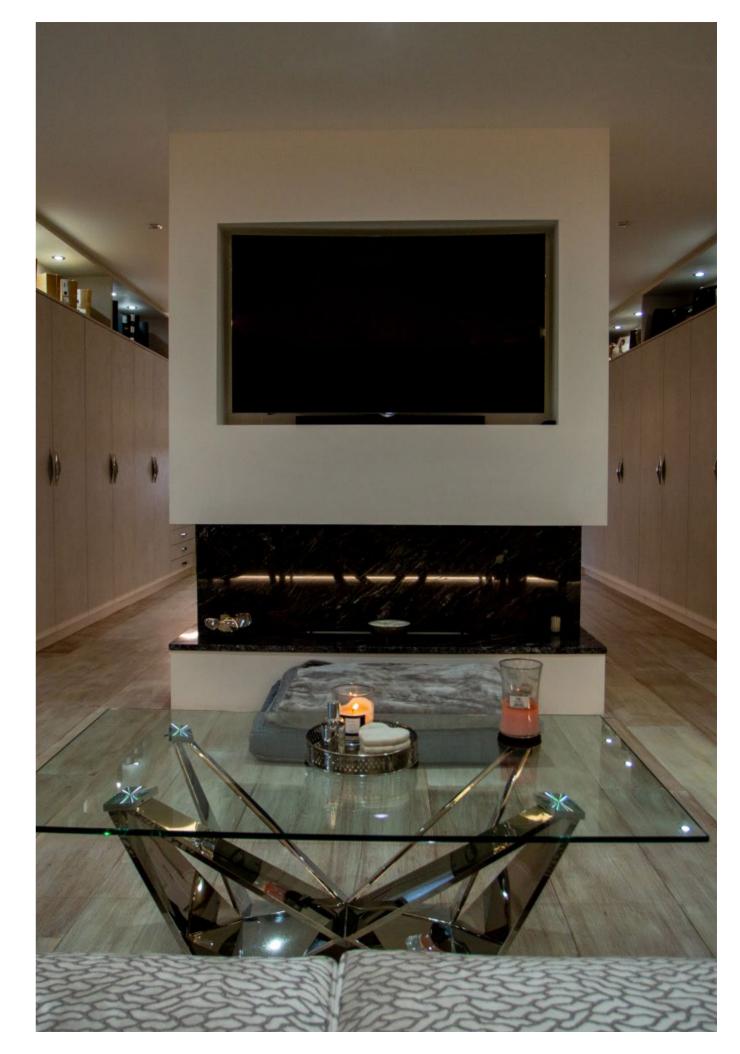

## A CHANGE OF SPACE

We are experts in inventive use of space.

For this client, we completely transformed a Bedroom, Bathroom and Spare Room into the most luxurious Master Bedroom suite.

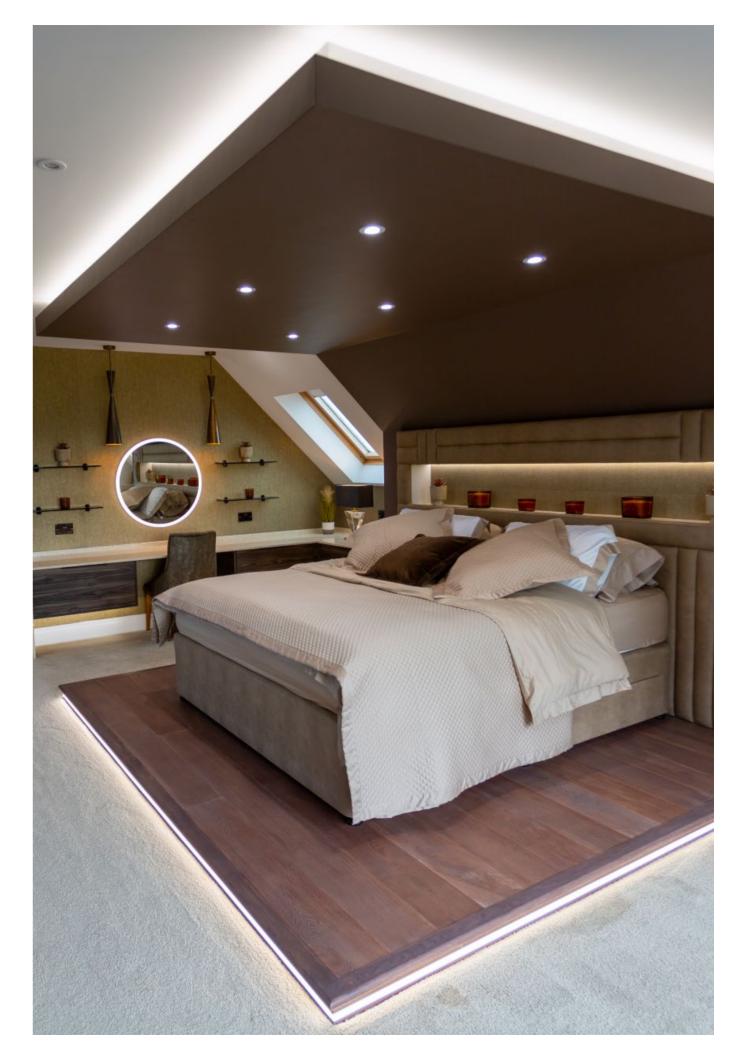

Endless storage; full height mirrors; dressing table; island seating area – this Dressing Room has it all. The bedroom incorporated a fireplace and media wall. The lighting is programmed to the clients personal preference.

## AND SO TO BED

Our bespoke bedroom installations are a vital part of our comprehensive home refurbishment offering. This Master bedroom, dressing room and ensuite project required a scheme to incorporate the sloping ceiling detail into a flowing design. There is so much to see: wall hung drawer units; a platform for the bed; a dramatic bed canopy; a custom built fireplace and entertainment system; illuminated vanity mirror; automated lighting control.

# A ROOM WITH A VIEW

We offered our clients 4 design schemes for this large country house kitchen – this was our favourite too!!

A previously awkward to use kitchen has been transformed into a bright and user-friendly space.

Matt and gloss unit finishes combined with corian work surfaces are a great combination in this simply stunning kitchen and living space.

# PLAYING SAFE?

Sometimes level access to the shower area is vital – no step up into the shower to make things difficult.

In this farmhouse ensuite a conventional cubicle was removed and a wet room shower area installed making a safe showering area without detracting from the stunning finished effect.

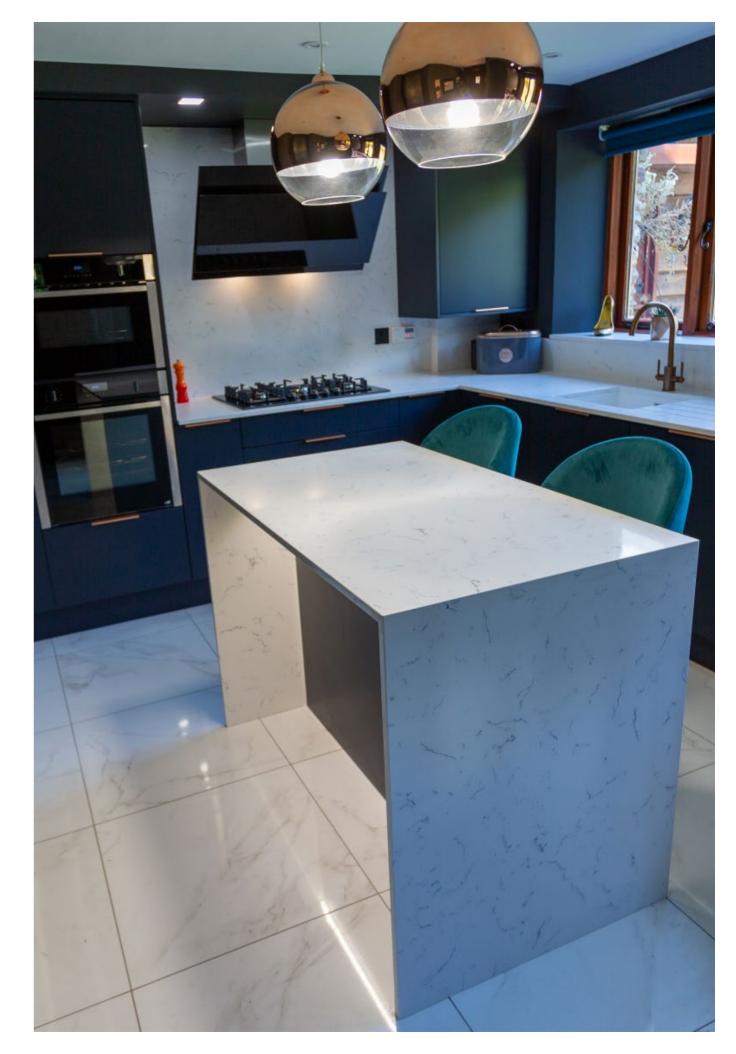

## DARK AND LIGHT

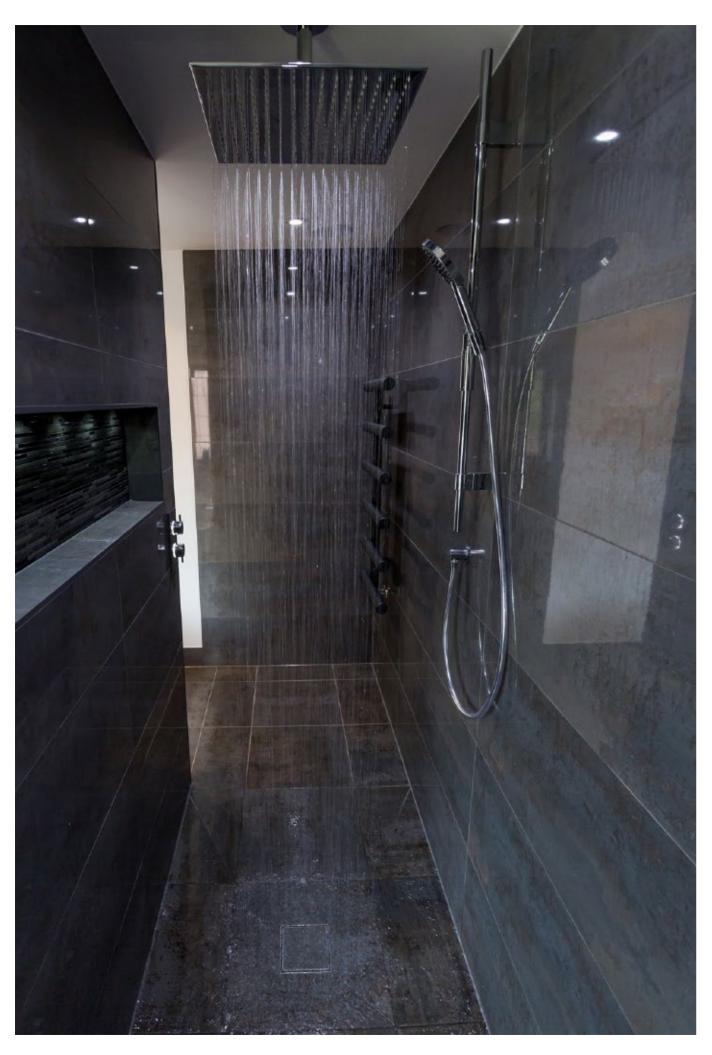

This barn conversion kitchen is another example of our comprehensive kitchen installation service.

The central island with quartz worktops and waterfall edges form the focal point of this sleek moody kitchen.

The contrast of the carrara marble effect tops and tiles with the indigo units and copper hints create depth to give a luxurious and indulgent feel to the room.

# IT'S NOT BUSINESS IT'S PERSONAL

We understand that your home is a reflection of you.

Our designs are always created with you in mind.

To do this we like to get to know you because we want to get it right.

Tell us about your project and let us inspire you...
